

# THE DEVON

14970

The Devon main bedroom is at the rear of the home separate from the other three bedrooms, with access out to the rear patio. This four bedroom home has a wonderful layout with a family room centrally located to the kitchen, but having privacy for the other three bedrooms in mind.

Includes the formal living and dining rooms and foyer. With the impressive facade and double garage this all comes together to make a home design that's second to none.
