

THE WATTLE

The Wattle is an attractive home full of architectural style which is actually much bigger than you would expect. With three bedrooms, the main being quite large with walkin robe and ensuite. The other two bedrooms are positioned separately and privately by themselves.

The home also features a breakfast bar which adjoins the family room. Not forgetting the double garage and laundry which finishes the Wattle off as a nicely designed home.

Floor Area:- 172.3 Sq.m
 Porch Area:- 2.6 Sq.m
 Overall Area:- 174.9 Sq.m
